When searching to improve your workflow published on November 19, 2020, you need to have a suitable computer. And one of the most attractive computers is macbooks. These stylish portable computers allow you to work anywhere at any time and provide a lot of functionality to their users. But sometimes that's not enough. In many cases, you're looking for more. While you can go for some productivity apps, there are actually a lot of macbook accessories that will make your life easier in many ways. These extra accessories make your macbook charge faster, hold more data, or stay safe and protected when traveling. Beyond that, there is a wide range of accessories to get as many companies jumped into the majority supplying for macbook users. Below we have listed some of the best macbook accessories that will be useful to your computer. What makes for Great Macbook Accessories? Before entering the list, we wanted to go through the criteria for what makes for large macbook accessories. The items we choose from this list will have the following criteria: Reasonably priced – Accessories themselves should not break the bank compared to a macbook's large initial investment. Availability - All these accessories are practical in various situations, however, they also have extra features that make them useful in several cases beyond their obvious functions. Compact – The workflow is also field-related in most cases. Therefore, something very cumbersome does not help much. These accessories are either intentionally large - for storage of other items - or are beautiful and compact so you won't get them in the way. While a USB Drive to Store Files Quickly Without Accessing the Cloud can always access the Cloud, sometimes accessibility can be cumbersome or take time. Instead of trying to access files in this way, buying a USB flash drive saves you plenty of time. Especially if your work requires presentation. SanDisk Ultra Dual Drive is great for offering USB-C and USB-A connectors that let you connect to almost any device and transfer files and more between computers. Also, USB drives boast several hundred gigabytes of making them solid storage devices these days. Buy the SanDisk Ultra Dual Drive here. The Compact Charger That Does More Than Charge Your default charger that comes with your MacBook is a good option for a charger, but these days chargers can offer much more. This can help speed up your workflow, as you can use other devices for other uses where you can charge or not charge the charger. In the case of the Anker PowerPort charger, it is more compact than the default charger. It also offers another USB-C connector that allows you to quickly charge another gadget with it. Buy the Anker PowerPort charger here. Port Adapter for Those With Multiple Devices Hard with a macbook one is that it has only two USB-C ports. This can be managed for people with fewer gadgets, but only if a species with several types, if you need a specific device and cannot charge or access it. In this case, Satechi can help a port adapter. It offers multiple USB-C ports that allow you to use multiple devices. This can also help regulate cables that we know can disrupt work. If USB-C ports are not enough, there is also an SD card reader and ethernet cable port. Buy the Satechi Multi-Port Adapter here. A Non-Indistinguishable or Non-Bulky USB Cable to Use the USB-C cable that comes with Macbooks is small and is used to hook an external monitor. By adding more length to them, there may be better cable management. One of the options we found ideal was the Nomadic Kevlar cable, which offered you enough length to do what you wanted while ingesting more space to work. Buy Nomadic Kevlar USB-C Cable here. Screen Cleaning of Your Laptop Dust, particles and stains can be expected on laptop screens after a while to see what you are doing. While they can decipher them, sometimes they can hide your view. The same may apply to all devices these days. With many solutions on the market, the only problem is that it can damage screens. Fortunately, we found a screen cleaning solution that does not damage the screens. The ScreenDr Professional screen cleaning kit comes with an antimicrobial microfiber cloth to make the most of a safe spray and spray for screens. Buy the ScreenDr Professional Display Cleaning Kit here. Photo Card Reader Speeding up transfer time If you're looking for a standalon card reader for your business, it's very important to get a device designed for photo transfer and reading. One of the best macbook accessories in this category we found was the Vanja card reader. Thanks to the USB-C and USB 2.0 port options, this card can easily transfer pictures to the computer while reading SD and MicroSD cards. It also facilitates small transport and is cheap to buy making a great choice to get if you deal with plenty of painting. Buy Vanja Card Reader here. Protective Cases to Protect Your Laptop From Harm The last thing travelers want is for your laptop to be damaged for whatever reason. While you're not as likely to drop it as often as your phone, having a case for a laptop can save you time. One of the arms we found interesting was the arms of the Indigenous Union. They are made of tear-resistant material with a red leather accent. Its interior design prevents soft scratches and prevents scratches from your laptop. It also offers a pocket space where you can easily store cables and other macbook accessories. Buy Native Union's laptop case here. Vehicle Charger to Charge in Go For the person who is always walking around, the car charger is a useful tool to always have. It helps in a variety of ways, especially from Anker. It can not only charge the macbook, but it also has an additional port you can charge your phone if necessary. It's not the fastest charger there compared to the Macbook Pro adapter but it's the highest on the market with 30 watt output power. For comparison, the second fastest charging connector offers an output of 18 watts. In addition, the charger has a illuminated LED ring to see late at night. It also has a function that ensures that devices do not experience fluctuations or overheating from the charger. Buy an Anker PowerDrive car charger here. USB-A Adapter from USB-C Provides Access to Older Models If your old MacBook still works but has files you haven't backed up, it'll make it easier for you to access them. It also gives you access only to devices with USB-A ports. If you're moving between older and newer devices, it'll give you a lot of time. Buy Thunderbolt Adapter here. A Hardshell CaseA arm for Added Protection is good for traveling, but when using it, protection can be beautiful with an extra layer. Beyond that, in this hardshell case, it can also serve as additional protection against scratches and impacts. Buy here in The Hardshell case of Incase Textured. Alternative Sleeve With These Tight Budgets but I Want Protection If you are looking for a suitable laptop arm but not looking to spend too much, AmazonBasics brands are a good alternative. Their arms are elegant and we still offer good protection against scratches. They also have several pockets for very small foundation. Buy AmazonBasics laptop sleeves here. Hub That Once Hosted Several Ports We mentioned a port before it saved a great time thanks to the way it has various ports for different devices. Although it does not offer it as such a USB-c port, a great alternative offers more variety. Paired with the design, which is the same color as the MacBook Air, it offers two USB-C connectors, two USB 3.0 ports, an HDMI port and SD and microSD card readers. Buy Satechi Type C Pro Hub here. Headphones To Deal With Fewer Headphone Cables While increasing productivity on the table and one way to reduce them is to switch to wireless communication. If you are thinking about it, one option to consider is Soundcore headphones. This is cheaper than apple traditional AirPods that can save money. Also, they offer great audio and connect via Bluetooth. The beauty of these headphones is

that although they are very compact, they can also cancel the sound. They also offer touch control that lets you pause, play, skip music and answer calls. Get soundcore wireless headphones here. The Desktop Stand To Save Desk SpaceDesk space is another important part of productivity, as things can work out and hinder your business. In cases where you do not need your laptop at this time, it can be useful to have a stand where you can put it aside. In such cases, we We recommend the Southern Book Arc. This smooth Macbook accesser can save a ton of space because it requires you to turn it off laptop to place on stand. It also keeps it high from the surface where spills can protectbuy Twelve South BookArc desktop stand here. The last of the macbook accessories that we will talk about The MouseBahseder, which is Comfortable and Easy to Use for Faster Operating Speed, is a suitable mouse. Logitech offers fantastic mice and Logitech MX Master 3 is one of the largest wireless mouse there. This ergonomic design, customizable buttons and insanely precise motion are fantastic. It also comes with a scroll wheel for precise scrolling. Battery power can last for months between charges, and like all Logitech devices, it comes with a USB-C connector to charge. Let's buy logitech MX Master 3 Wireless Mouse here. Bottom Line There are many macbook accessories to improve your BUSINESS workflow. While you take the time to do research and invest in some of the best ones, it will save plenty of time, money and energy in the long run. At the same time, all these accessories can help you with specific needs of what you are doing. Select photo credit: Viktor Ritsvall via unsplash.com unsplash.com
